

Building Rep Meeting – Physical Facilities Department 4:00 October 6, 2014.

Those in attendance: Matt has the list. Sorry.....

Matt – Introduced himself. He is the new AESP President. He let everyone know that he is here to serve and engage the members. Matt also introduced Rick Montague the newly elected President Elect.

He would like to get training for building reps. They will be the biggest help on the ground floor directly at the school. Matt would like to bolster member involvement this year.

Several AESP board members and Matt have been working on a climate survey that NEA is helping with. Matt wants to know from the employees, members and non-members alike, where energy should be spent and what issues employees feel strongly about.

Matt wanted the reps to know that he and Rick have a good relationship with the HR directors and the Superintendent. They have already had several productive meetings.

Mike Christensen was introduced as our USEA Rep. Mike handed out several flyers and discussed each one (see attached)

- \* Fall Membership Drive flyer
- \* Newly designed Membership Application
- \* New EMI Telemed insurance for USEA Members
- \* AESP Calendar
- \* Newest member list

Joey asked the reps what kind of service project they might want to do this year. The board thinks it is important that the community knows we are there to help them. And in turn they will know who we are and what we are about.

Matt reminded the reps that the surveys should be out very soon and all employees should be looking for them. He encouraged everyone to fill out and return the surveys so that we get a good look at what the employees need from AESP and from our Board and Building Reps.

Matt thanked everyone for coming. The next meeting will be on November 4<sup>th</sup> at 4:00. Physical Facilities Conference Room 490 North State St. Lindon Suite 102.
